

## A Spiritual Budget: 7 Steps to Financial Freedom

Many of us believe we would be happier if we just had more money, but wealth alone isn't the key to happiness. In *A Spiritual Budget*, financial wellness coach Debbie Seaton explains how there is truly more to life than money. Her secret? Embrace abundance and success. Debbie is well known for her ability to discover and clear blocks that prevent her clients from reaching their full potential. Using the universal principles of abundance to enhance one's life, Debbie offers classes, mentoring, and coaching that examine money issues from a practical level. She encourages her clients and students to explore the reasons why they overextended themselves financially. She explains how to exercise your innate potential, how to make better choices in money management, and how to break free from the counterproductive behavioural patterns most learn from their parents. *A Spiritual Budget* is a complete training program for those who seek more abundance in their lives. By following seven simple steps to personal and financial freedom, you'll be ready to move forward into a new way of life. *A Spiritual Budget* combines practical budgeting advice with sound spiritual advice. It gets us to look at where and how we are spending not only our money but our time . . . everyday wisdom that is practical and worldly at the same time -Jennifer T. Cornell, MD, FRACGP, FRNZCGP
