

## Cat Tricks

A playful cat chews the laces of a sneaker. Turn the page, and suddenly the sneaker has become a roller coaster--and the cat is enjoying the ride! Magic unfolds with the turn of each die-cut page in this inventive and humorous book. Children will delight in discovering the nuances of each transformation and in the clever antics of a very crafty cat. In all, an illustrators tour de force, and a great stimulus to a child's visual imagination.--Kirkus Reviews
