

The Very Ugly Bug

There once was a very ugly bug, with spotted legs, googly eyes and a horrible hairy back. She wonders why her friends have pretty small eyes, shiny green backs, or nice fluttery wings. The ugly bug thought that if she looked like her friends, then she would be more beautiful. So she made herself a disguise. But her new costume made her even tastier looking to the birds! When a bird swoops down to gobble up the disguised ugly bug, something strange happens. The big scare made the very ugly bug even uglier! So ugly in fact, that the bird was scared away. The ugly bug learns that just being herself is the best defense. Liz Pichon's witty text and colorful artwork highlight this story about self-acceptance.
