

Prehistoric sea reptiles swam the worlds oceans during the time of the dinosaurs. This text presents 10 of the most fascinating sea reptiles, including the Ichthyosaurus and Plesiosaurus. The texts manageable language and layout present facts about sea reptiles in a way thats easy for young readers to understand. A simple timeline and glossary help readers further explore the reptiles theyve read about. A full-color graphic accompanies facts about each creature, which allows readers to fully comprehend creatures from another time.
