

## If You and I Were Tigers: An Imaginative Bedtime Story

This book provides a humorous and entertaining approach to bedtime for children and their parents. Trying to get wild and rowdy youngsters calmed down enough to get ready for bed can certainly be a trial to harried parents. This creative storybook encourages children to use their imaginations to prepare for sleep. Using characteristics of the tiger, children are encouraged to leap and roar. Gradually the activities of the endangered great cat wind down to include manners and sleep. Finally the book closes with a bedtime benediction for both the tiger and the child. Bedtime, peace, and quiet has been accomplished without tears and tantrums.
