

Flying Fish and Shag (Dr Leonard Lizard Series for Children)

Dr Leonard Lizard is at his charming and cheeky best here with full coloured illustrations in a story that traces the adventures of an unlikely pair: a Flying Fish and a Shag. Like all Lizards work, behind the fun is a timely life lesson for youngsters, in this case: a lesson in coping with and overcoming ridicule and bullying. In these few short pages Lizard playfully demonstrates how a few good friendships, the will to stand up to ones oppressors and the wisdom to know when to remove oneself from a situation all play out in the brief span of this humorous tale.
