

## Finders Keepers

Missing pets, a nefarious family and a strange object found near a freshly dug mound induce two boys to solve a mystery. Twelve-year-old William Katt, known as Cat, and Francis Boudreau II, known as Frenchie, are determined to solve their latest Y-File (Why File?). Frenchie's dog Shep is the latest in a series of missing pets in Cedarville. Their investigation points them to the Beaton brothers, or Bruise Brothers as they are known at school. They are soon joined by Gilda Brockhurst, a girl with no friends but plenty of moxie. The case becomes weirder when they discover a horn-shaped object that gives them a special power. A power that leads them to the real truth. A truth they would never have dreamed of.
