

Reflections of My Soul: Book 1

We all have been told that Our Eyes are the Windows of our Soul I have tried to recall events in my life and tell all I could remember in this book. First I investigated where we came from and found in the Bible, that God was not happy with all people from Noahs family at the Tower of Babel So God said, Come, let us go down and confound their speech And so God scattered them upon the face of the Earth, and confused their languages, and they left off building the city, which was called Babel because God there confounded the language of all the Earth (Genesis 11:5-8). Some scientists believe that only part of the world flooded, I am sure now that all of the earth flooded as we know All things are possible with God. I wondered all my life how all the different races, languages, colors of people came to be and never really gave it much thought until I read the above information in the bible. Being of Irish decent, I have no idea where the Irish came from, much like so many of us. So in the year of 2012, after reading more of Genesis, I found it is 6,140 years ago God made Adam. I tried to remember events that happened by year or groups of years to come up with the events in my life and my families lives from 1932 - 2012. I am sure anyone could do the same with a little effort. Joseph W. Boland
