

## Darby, The Special Order Pup

When the Bell family chose their dog from an ad in Dog Life Gazette they didn't know that the rambunctious puppy would also chew-se them--and everything else in sight! But when put to the test, the newest member of the family proves that he's capable of far more than just demolishing slippers and table legs. Anyone who has ever loved, lived with, and cleaned up after a wonderful dog, will love getting to know the devoted and devouring Darby, a special-order dog with a made-to-order talent!
