

Donald R. Dungbeetle and the Diamond Theft Caper

There's a new bug in town...meet Donald R. Dungbeetle! He's no ordinary dungbeetle. This bug has a passion for fighting crime and solving mysteries. With the help of his friends, he uncovers the clues that help him solve the mystery of who stole the priceless diamond tiara and cuffs that belong to Paula Praying Mantis from her palatial Mantis estate on Willow Hill in the peaceful town of Odonata. Not all goes as smoothly as Donald R. would like, and he learns a valuable lesson from his friends about the importance of team work. When a previous stake out went awry and young Timmy Termite injured his leg, Donald was reduced in rank at the Odonata Police Department and left to become a private detective, thinking he should go it alone after the unfortunate incident. He soon learned that his buddy on the OPD, Tommy Termite, was going to help him whether he liked it or not, and the two began making progress with the Mantis case. Into the picture comes the perky, courageous Dolly Dungbeetle, broadcast journalist for the town of Odonata, with a passion of her own...getting the story of the year! At first the case seemed clueless, and the list of possible suspects endless, but an unusual twist occurs which sends the trio into a crazy adventure with some of the toughest, bad bugs around. Discover how our heroes get their bug and help young Timmy Termite too!
