

## Trees (Eyewitness Explorers)

Part of the Eyewitness Explorers series, this book includes practical information for children aged seven and above with photographs and illustrations designed to help explain the concepts raised. It is designed to encourage children to discover and investigate the world of trees. The book looks at types of tree, parts of a tree, how to make bark rubbings, leaves and blossom, and how to grow trees from buds. Practical projects are also included to motivate children into further investigation.
