

Inky the Raven, Book 2, Inkys New Home

The second book in the Inky the Raven series explores the relationship between nature and humans through the eyes of our star, Inky. Now Inky is a very special raven and learns how to live in both worlds. But inky IS a raven and finds himself doing what ravens do; eating and stealing things that drawn his attention. As we all know, ravens are particularly fond of anything shiny, and Inky finds himself in a heap of trouble from his caretaker for taking her stuff. Inkys New Home is really about consequences when one breaks the trust of others.
