

## Bye-Bye, Boswell Bear

Bozwell Bear is fed up with life at home. Having been scolded for leaving the kitchen in a mess, fussing over his food, and teasing his younger sister, he decides that enough is enough it's time to leave! Bozwell sets off into the woods, but it's not long before he feels hungry and returns home just in time for cake! Soon Bozwell is off to the woods again, but he misses his book, then his tent. Finally, after many trips, Bozwell returns for his teddy, but this time the tired little bear finds it's not quite so easy to leave. A gentle message about the security of home and the creature comforts we so often take for granted.
