

## Finding Stocks: Concise edition

There are thousands of stocks (about 7,000 and 30,000 if including smaller and foreign exchanges). How can you find the winners?

Use one of the simple screens that are available to you free from many web sites (such as the one from your broker) to find a handful of stocks. The filter criteria could be P/E It is more complicated than that. Otherwise there will be no poor folks. This book is not written by a journalist (unless you enjoy good English only) but by one who uses screens successfully every week. This book was last updated in 2014, not 20 years ago when the conventional wisdom may have been outdated. From my real experience, there are screens for different purposes such as stocks for long-term, short-term and momentum. Some screens work better in different phases of a market cycle. We also have to monitor the performance results of our production screens (Chapter 1) to ensure we use are still winners. Last update: 04/2016 Size: 55 pages (6\*9)
