

Naked & Indecently Exposed

Nudity was strongly discouraged by all around me and generally regarded as rude, offensive and embarrassing, something to be avoided at all costs. But the forbidden fruit of being naked in public needed to be tasted and the desire to walk around naked in private would become overwhelming and very desirable. Doing something forbidden and embarrassing made it all the more exciting. Erections and masturbation were enjoyable and made being naked even more exciting and so stimulating. This is the authors story of being a lifelong nudist and naked exhibitionist and the naked exciting and sometimes embarrassing erotic adventures which resulted from his passion for nudity and naked exhibitionism. It is about CFNM, Public Nudity and blatant exhibitionism. Even when confronted with the police and authority his innate naked instincts take over with both exciting and startling results. All persons depicted in this book are over the age of 18 years. This book is intended only for persons over the age of 18 years.
