

Healer of Angels is a heartwarming collection of true stories of a young boy overcoming life's challenges and disabilities with the guidance of wise grandparents and other mentors. This process leads to a life dedicated to the rescue, healing and release of the wild creatures of the desert southwest. Some of the stories are humorous and some bittersweet, but each will inspire, teaching a lesson as it touches the reader's heart. Join Mr. Tyner as he reflects back on his life: from a young boy terrified of birds to becoming the first man in North America licensed to train a wild golden eagle in the ancient art of falconry; from a shy dyslexic teenager, to the founder and CEO of the Southwest Wildlife Foundation. Martin Tyner is one of America's foremost wildlife rehabilitators, a master falconer, eagle falconer, and wildlife and environmental educator. He travels throughout the west providing wildlife programs accompanied by his devoted companion, Scout, a wild golden eagle.
