

Help Children! The Monsters Kidnapped Santa Claus is pure fiction written in English and Spanish. This book tells of Diblo, a little orphaned monster with a pure heart, who does not fit in with his cruel monster peers. The story follows Diblo as he embarks on a great adventure, leading ultimately to a Christmas nobody could forget. It includes monsters, an evil plot against Santa Claus, a mother bear, and children helping in a rescue. It is intended to instill in listeners and readers alike a valuable life lesson of the importance of honesty, bravery, loyalty and gratitude. This book specifically teaches us not to judge or label another person based upon their appearance. People who do this are unwise and may miss out on getting to know someone very nice or interesting, like Diblo. I hope you enjoy reading this book as much as I did writing it. Merry Christmas everybody!
