

This book is a fictional story about a very special Easter Bunny. A very long time ago, the Easter Bunny of Easter Egg Village planted a few eggs in his garden. So many Easter Eggs grew each year, the Easter Bunny had more eggs than he needed. What will he do? After reading this tale, you will come to know why we hunt Easter eggs for Easter. The Eggs-tra Special Easter Bunny is a colorful story created from my imagination that I hope all children will love. This is my very 1st book and I hope to write many more enjoyable stories for children to read. I would like to thank you in advance for the purchase of this book and request that you please leave a review if possible. All reviews are welcome. I love reading comments and feedback pertaining to my creations.
