

## Hotel Brand Identity

This is a stunning full-colour look at some of the most innovative and exciting design work in the field of hotel branding. When we talk about the image of a hotel, we almost always think about its architecture and interior design. But more often than not it is the little finishing touches - the logo, stationery, toiletries, and even the Do Not Disturb sign - that have the greatest impact on a guests perception of a hotel. Hotel Brand Identity brings together a superbly illustrated collection of some of the most innovative and exciting hotel branding projects from around the world.
