

How To Create Your Own Free Sms Marketing Service With Unlimited Free Sms

Sms marketing is done using a mobile device to transfer marketing communication to interested customers. Its an area that is gaining a great deal of interest by businesses both small and large, considering that 70% of the world population now has a mobile phone. In the United States alone thats 9 out of 10 people who carry a mobile device. Inside this valuable guide, youll find the secrets to long-term business profitability. You will found out how to use advertisements that wont cost you a dime. Youll learn: How to freely create as many sms marketing campaigns as you want to keep your customers informed about your news, services, offers, discounts, benefits, or even just to thank them or send holidays greetings. How you can send unlimited sms to your database, regardless of the number of subscribers, at absolutely no cost. - same as in email marketing neither you nor your customers will pay absolutely nothing, except that the benefits of sms marketing are major. You wont find another free service or technique that allows you to create your own sms marketing campaigns, for which you will pay no tax (subscription) or a charge per message. After you get to know this no-cost technique, you will benefit from it for your entire life, without ever drawing upon other paid services. There are a lot of mobile marketing services providers that are looking to cash in on this type of marketing service, and they gain profit by selling this powerful marketing tool. They make the most money by having you do the work and the profits go right into their own bank accounts. But now you can use this free technique, at absolutely no cost, to offer your own sms marketing service! This guide is not a dense manual of 200-300 pages or more, full of descriptions and methods using unreadable jargon without the slightest direct application. Its only ten pages long; eight pages that briefly and

understandably describe what sms marketing is and how to use it, and two fully illustrated pages revealing the step-by-step secrets to creating your own FREE sms marketing service, with unlimited sms. As a bonus, before you even purchase this guide, I will reveal to you part of the secret FREE: most of the service providers for mobile marketing give you the possibility to send your sms to your customers using their own online platform that has to be accessed. However, with my method, you'll be able to use your own sms marketing service with unlimited sms to send your advertisements and messages to your customers from your own mobile phone, without needing to access the internet. Its as simple as sending one short message to your own free service number and your message will be sent instantly to your subscribers. About the author: Once I discovered mobile marketing and began to use it to promote my businesses/activities, I couldn't stop. I have been highly satisfied with my results. Due to the high monthly cost for service providers of this type, I began a long period of research and information gathering in attempt to reduce the costs associated with this type of service. Surprisingly, I didn't discover a method of costs savings but one to totally eliminate ALL for the costs! For years I have successfully used, without any inconvenience, the secrets revealed in the guide, in all my businesses and activities.

I know for sure that once you know and see that the secrets revealed in this guide work, you will be similarly satisfied. You'll desire to share your knowledge with your friends, and that's understandable, but of respect for my work, please let them know where they can get their own low-cost and highly beneficial copy.
