

Juicing the Game: Drugs, Power, and the Fight for the Soul of Major League Baseball

In *Juicing the Game*, award-winning journalist Howard Bryant offers the only big-picture look at the insidious manner in which performance-enhancing drugs infested baseball as the game's leaders stood idly by, reaping the rewards. Combining hard-hitting investigative journalism with interviews with baseball heavyweights such as Jason Giambi, Commissioner Bud Selig, union head Donald Fehr, and Hall of Famer Reggie Jackson among many others, *Juicing the Game* is the definitive book on both the steroid scandal and the era it has irreversibly tainted. **BACKCOVER:** A rich and measured tale of the last dishonest decade . . . No more comprehensive, balanced or fair account exists. Bryant carefully and powerfully builds his case. The self-inflicted catastrophe could have no better chronicler. *Los Angeles Times* If there ever was a must read sports book of its time, this is it. Because of the undeniable truths it tells, Bryant's book is essential reading. *The Washington Post Book World*
