

## The Mouse and the Moon

This is the story of a little mouse who lives in a dark and wild wood. He is all alone, except for his friend the moon. Each night the mouse tells the moon all of his news, his hopes, and his fears. But the moon never replies. So the little mouse ventures out to find his friend?and finds someone unexpected instead. Gabriel Alborozo's beautiful illustrations shift from black and white to color, celebrating the dawn of a new day and the beginning of a new friendship.
