

Mr. Green Peas

When petless Norman tells his classmates about his houseguest--an iguana named Mr. Green Peas--they don't believe him. So Norman arranges for them to meet Mr. Green Peas for themselves. Everything about this book is charming: the tantalizing subject, the large text in bold print, the decorative borders, and the colorful illustrations, which brim with interesting details to hold children's attention. And it's so nicely combined that the story is sure to be popular with the preschool crowd.--Booklist.
