

## Scratch and Old Mouse

SCRATCH AND OLD MOUSE is a childrens picture book for ages 5-9. It is based on the idea that doing the wrong thing can feel like carrying a great weight, and doing the right thing can feel like lifting that weight off ones shoulders. The story also deals with forgiveness. The main character, a mouse named Scratch, becomes weighted down by guilt after stealing cheese from Old Mouse. The more he considers what he did, the heavier the cheese feels. When Scratch returns the cheese, the weight is lifted... and he is even invited to share the cheese! This book includes supplementary material for parents and/or teachers, author/illustrator biographies, and a glossary.
