

Algorithms or decision trees are used to demonstrate the concept of decision making in the practice of adult neurology. Each algorithm depicts the decision points involved and leads to their logical results. The decision-making process progresses from a clinical or laboratory sign or symptom through the steps required to diagnose and treat the given condition. The text offers comments pertinent to various points on the tree.

The Courage of Horses (Pegasus Equestrian Center Series Book 4), Water Power: An Outline Of The Development And Application Of The Energy Of Flowing Water..., Climate Impacts on Energy Systems: Key Issues for Energy Sector Adaptation (World Bank Studies), Lost in the Blizzard (Sugar Creek Gang Original Series), Mammons Music: Literature and Economics in the Age of Milton, Rabbits (Animals in My Backyard), Some Kids Are Deaf (Understanding Differences),
