

## Peer Pressure: Helping Your Child Best Deal with Its Power and Pull (Parenting Pre-teens and Teens Book 1)

A MUST READ FOR ALL PARENTS OF PRE-TEENS AND TEENS! Someone once defined a teenager as a person who watches his weight by giving up candy bars before breakfast. Anyone who can hear a song by Bruno Mars played three blocks away but not his mother calling from the next room. A whiz who can operate the latest computer without a lesson but cant make a bed. A seeming expert on everything, yet never seems to study. A connoisseur of two kinds of fine music: Loud and Very Loud. And a romantic who never falls in love more than once a week. Pre-teens and teens are that and so much more. They are our children, created by God and loved by us. They have passions, plans, personalities, and God-given gifts and abilities. Raising them is both a challenge and a blessing. Helping them to navigate the pitfalls of adolescence is a parents most pressing task. How do we help our pre-teens and teens handle peer pressure, the cultures sway, the desire to date, and all that seeks to influence their hearts and minds? Answering that question is the focus of Mark Davids Richardsons parenting series. In this first installment, parents will: ~ Understand the power and pull of peer pressure ~ Discover how a teens brain development makes them more susceptible to peer pressure ~ Gain practical tools to counteract peer pressure ~ Be given action steps to make an enduring difference in their childrens lives
