

Piglets to the Rescue

In *Piglets to the Rescue*, Rupert, Molly and Toby, the three piglets belonging to the Harmony Family are once again thrown into the throngs of adversity. This time they must rescue their three adopted siblings, Marilynne, Loris and little Virginia from the wicked farmers, Bert and Beulah Bucket. The piglets, along with their guardians, the Canada Geese, pigeons and animals in the wilderness embark upon a rescue operation. Just like *Piglets on the Wing*, this is another fast-paced and thrilling adventure where something unexpected happens at every turn.
