

Pokalong in the Valley of the Digadoos

Pokalong, a very inquisitive rabbit, meets two individuals, Ground Hog and Charlie the Chicken. Though Pokalong has never seen anything like these two individuals, the strangers become friends, and together they travel the forest searching for a path to the top of the mountain. Discovering the Valley of the Digadoos, they must confront the council of elders and cross the kingdoms belonging to Tarifess, the prince of evil, and that of his brother, Goda. Death will accompany the three in their travels, obstacles will block their progress, but their strong bond of friendship will help to see them through.
