

Tired of reading? Fed up with words? In need of visual stimulation? Then entertain your brain with this little book of big fun designed to confuse, daze, bewilder, and above all, amuse. With some unique and imaginative variations, this collection of over 130 puzzles will keep you and your family occupied for hours. Many are stunningly intricate labyrinths with networks of winding pathways leading to perplexing blind alleys. Find your way through twisted, warped Celtic knot designs, and weave in and out of pathways resembling computer circuit boards; but don't worry, if you get lost, the answers at the end will get you back on track.
