

## The WHAT HAPPENS IF I... Book

The content of The WHAT HAPPENS IF I Book covers many different topics from what happens if I do what I love and the money doesn't come, to what happens if I use my sob story to manipulate, to what happens if I think I have to be perfect. The purpose of this book is to make the reader aware of just how balanced the universe is in its emotional action/reaction physics. The reader does not necessarily become more spiritual from reading this book; the reader becomes more informed. It's easy to make wise decisions if you recognize that a lack of love is an unwise decision. It's easy to choose satisfying lifestyles if you know the consequences of choosing unsatisfying lifestyles. And it's easy to love when you know that the act of giving brings you everything you are here for. There is no sugar coating in The WHAT HAPPENS IF I Book. The author readily admits that life is sometimes difficult and situations are often challenging. But with humor, she offers a message that helps us to remember that the journey is not about what happens to us, but how we handle what happens.
