

Skip the Typing Test - Ill Manage the Software: One Womans Pioneering Journey in High Tech

Step into today's high-tech world with a pioneering female engineer in a male-dominated field! During the computer technology revolution that transformed the world's industries during the last quarter of the 20th century, Beverly Schultz's success story blends the challenges and fun of engineering at its best and worst, with specifics that engineers relate to and others treasure in this unique view of high-tech. Her engineering career tips resound across industries and occupations.
