

The Book of Love (Classic Reprint)

The following computer-generated description may contain errors and does not represent the quality of the book. Italian physiologist and anthropologist, was born at Monza in 1831. He travelled extensively in Europe, India and America. He was appointed surgeon at Milan Hospital and Professor of General Pathology at Pavia. In 1870 he was nominated Professor of Anthropology at the Istituto di Studii Superiori, Florence. He founded the first Museum of Anthropology and Ethnology in Italy, and the Italian Anthropological Society. He was deputy for Monza in the Italian 1 Parliament from 1865 to 1876, subsequently being elected to the Senate. He is the author of many well known works, as The Physiology of Sorrow, The Physiology of Pleasure, Elements of Hygiene, Pictures of (Human Nature, Human Ecstasies, Head, etc. His books are most popular in Europe, where they have been translated into almost every language and have reached an enormous circulation. Paolo Mantegazza ranks with the greatest European medical authorities and the most brilliant Italian writers. U-rifei. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally-enhance the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
