

Bestselling author Kathryn Lasky writes for the chapter-book set! The Deadlies are like any other family with a loving mother and bright, rambunctious children. Except they're spiders. Really, really poisonous ones. But Edith and her children are kind and cultured. In fact, the Deadlies had been happily living in a symphony hall until Edith's son, Felix, had a . . . misunderstanding with the maestro. Now they're on the hunt for a new home. That is, if they can outwit the overzealous arachnologists and evil exterminators on their tail. Will they ever find a place to live in peace?
