

Show Me Where It Squirts! - The Hotter, Wetter, Dripping Guide to Female Ejaculation and Toe-Curling Orgasms

It Could Be the Best Night of Your Life... Youve heard about female ejaculation, right? Most men have... Unfortunately, heard about is where that knowledge stops. Very few men actually experience female ejaculation. Im talking about the heat... the wetness... the passion... the total release of all inhibitions that a woman has when she experiences such a powerful orgasm. Its mind-blowing! Thats for other guys though...not you. Right? Wrong! What if I told you that you could easily turn any woman into a squirter by following a few simple techniques? Youd know exactly what to do and say to make it happen any time, over and over again... What Youre About to Discover May Surprise You... It surprised me...until I experienced it for myself! What I experienced was so profound, and so powerful, that even I was amazed. In fact, those first experiences were what inspired me to write this book. If I can do this, anybody can. And yes, that means you! So get this book, read it (its short), and make it happen! Alex Jansen is a Toronto-based writer specializing in frank, sexual topics for an adult audience. In other words, not an author your mother would read...unless shes really kinky.
