

Tucker Flips!

The adorable cartoon doggie named Tucker comes home to America in an all-new picture book. Tucker is already a beloved character in Japan, where his best friend--New England artist Leslie McGuirk--first introduced him in a series of stories and merchandise. Now a whole new nation of young readers can find a best friend in this little terrier with big dreams and a loyal heart. Tuckers two brothers eat, watch TV, and sleep. But Tucker has more on his mind--he likes to dive off the couch onto a pillow and dreams of playing with the children down the block. Soon fantasy becomes reality when the first snow strikes and Tucker takes the sled ride of his life! With vibrant, childlike illustrations and a brief text, this handy-sized picture book is perfect for new readers, while its tongue-in-cheek humor will engage older siblings and even parents. Tucker Flips! shows just how much fun a little dog--and a little girl--can have.
