

Minas and the Fish

Minas had never seen a fish like the one caught in his brothers net. Let me go free and I will give you a wish, the fish said to Minas. Minas wanted only one thing, to join his father and older brothers on their fishing trips. No, Minas, youre too little. Wait until you get bigger and learn how to swim, his brothers always said. Would this strange fish be able to help? Join Minas as he rides on the back of the magical fish to the depths of an ocean alive with a curious procession of creatures, some beautiful and delicate, some ugly and frightening. Jellyfish and seahorses shimmer through Olga Pastuchivs watercolors in this vivid and imaginative tale of a boy growing up with the mysteries of the sea.
