

## How to Find a Friend

A rabbit and a squirrel are alone and lonely, each wishing for a friend. Obviously they'd be perfect friends for each other. But as they go through their day, they keep missing each other, each totally oblivious to the other's presence. When they finally and literally bump into each other, each has found a friend at last. Young children will enjoy being smarter and more observant than these silly characters and will also rejoice at their success.
