

Fastrack Business Management: The Minute MBA

Fastrack Business Management: The Minute MBA is a desktop resource offering practical advice and solutions to a broad range of business management challenges. The author distills 15 years of experience as a management consultant into chapters covering strategic planning, organizational development, team leadership, acquisition and divestiture, financial and marketing planning and succession planning. Each chapter includes case histories drawn from the authors consulting business and ends with a summary of key points and action steps. A major focus is on reshaping companies to adapt to rapid changes in today's economic environment. What is significant about this book, versus many others on the market, is its fast track approach. The target audience includes business owners, entrepreneurs and management personnel who find it essential to upgrade and update their present business practices.
