

Users Guide to Ginkgo Biloba (Basic Health Publications Users Guide)

In the months following the September 11 attacks, world leaders began a flurry of attempts to muzzle the press. Some governments prevented journalists from covering anti-US demonstrations or criticizing US policies. Others opportunistically adopted the rhetoric of the war on terrorism to justify repressive measures against the media. Still other leaders took a cue from the tactics used by the US military in Afghanistan to keep the press away from the battlefield.
