

The Magic Garden

When a kind king decides to retire, he must set out to find a replacement for the throne. But with three lovely daughters to choose from, how will he know which daughter will serve best as the future queen? Fortunately, the wise king quickly devises a plan that will test the young princesses on their character and servitude. For the next three days each princess is put through a trial that will teach them and us, that in the end, it is your attitude that makes the difference.
