

What Makes: A Fish a Fish

What Makes: A Fish a Fish Eight Book Series - Animal Groups 40 pages [20 spreads] 61 photos Grades K-4 Children will learn that scientists sort animals into groups based on the many ways in which they are alike. This book is about one of those animal groups...fish. This book meets common core state standards in science. We strive to make our books unique and we design them from the ground up. Galloping Turtle Books are created by educators and illustrated with photos from professional photographers. Galloping Turtles photographer, Dwight Kuhn, is sole photographer for 167 children's books on nature and biology subjects. His books have won many distinguished awards. Kuhn was one of ten photographers featured in the book: Wildlife Photography - The Art and Technique of Ten Masters. For the price of a single cup of coffee and a pastry you can help educate and provide lasting entertainment for a beginning reader.
