

The Needs of Counsellors and Psychotherapists: Emotional, Social, Physical, Professional

“This book covers a significant gap in the relatively sparse literature on the person of the counsellor... the chapters... are written in an easy and accessible style - Counselling, The Journal of the British Association for Counselling “This book... covers a wide range of topics, including complex matters such as social, cultural, intellectual and personal needs... It is an interesting trot round some very important topics - Self & Society In this powerful book, leading counsellors and psychotherapists discuss the emotional, physical, social and professional needs of people who work, or would like to work, in a therapeutic setting, and examine how those needs can be be
