

You Know You Love It : Lessons in Sexual Mischief

The first book to reveal the innocent fun of S&M For every woman who has necked shamelessly in a public place or felt an erotic thrill when a lover pinned her hands over her head during love-making or for those of us who want to be that woman You Know You Love It reveals the way to the kinkier side of pleasure. Dominatrix and practicing therapist Ilona Paris gives readers permission to tap into their deepest fantasies and uncover a new dimension of sexual feeling to discover the world of S&M. These loaded initials pack a wallop, but with Paris as a guide, sexual mischief is playful, fun, and so very hot. The lessons in this book can spice up a long-term couples sex life, give a young woman the tools of sexual freedom, or captivate the imagination of someone who's looking for a new angle on intimacy. Chapters on anticipation, bondage, toys, and more are juxtaposed with anecdotes from the author's adventures. You Know You Love It is a book about pushing sexual boundaries which are often self-imposed and opening the doors to bliss.
