

You Showed Me the Way

Monas mother, Sheena, is not a woman with ordinary looks; she is extremely beautiful and highly educated. Her only fault was that she had had an affair with another man before marrying Mr. Ramsay. Mr. Ramsay knew that Sheena had been involved in a romantic relationship before their marriage, but he did not mind it. Another important thing about Sheena was that she was pregnant when she married Mr. Ramsay. You Showed Me the Way Copyright Chapter One Chapter Two Chapter Three Chapter Four
